JAPANESE BULBS, PLANTS and SEEDS

CABLE ADDRESS

Suzuki, New York **Uyekigumi, Yokohama**

A. B. C. CODE—4th and 5th Editions and Western Union Used

NEW YORK, *June, 1904.*

WE take great pleasure in handing you our wholesale list, which we recommend to your careful examination.

Orders should reach us as soon as possible to secure full delivery, and **not later than August 1.** Our Mr. B. Suzuki will be, as usual, in Japan to superintend the shipping.

PRICES ARE FREE EX. CARS NEW YORK DUTY INCLUDED

Terms, 50 per cent net cash on delivery, balance against three months' draft, or 2½ per cent discount on balance for cash within ten days. Orders from unknown customers accepted only when accompanied by cash for half the amount of order, or satisfactory reference.

Orders accepted subject to crop, and provided stock is unsold in Japan. It is understood, however, that we assume no responsibility for accidents or delays beyond our control.

Claims for errors and deficiencies must be made within ten days after delivery of goods. In case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price of invoice.

San José Scale. All of our nursery stock is thoroughly fumigated in our own fumigator, which was built according to instructions received from Mr. Craw, State Entomologist of California.

2 volumes, illustrated, $16.50

FERN BALLS

(*Davallia bullata*)

Decidedly one of the most striking and best-paying novelties of recent years; of easy growth, not requiring much care, and occupying none of the space in the greenhouses required for other plants, being suspended from the rafters. In the fall the leaves die off, and the plants need a rest for one or two months, during which time we advise keeping them out of doors. The frost does not hurt the plants, as these Ferns are found on

the Fuji Mountain, where they are exposed to the frost the entire winter. If in a frozen condition, they should not be taken into a warm room immediately, but allowed to gradually thaw out. The second year they will quickly bring out new leaves of a greater perfection than the first year.

We beg to state we handle only the "Nagaha," or long-leaved variety, the common variety producing only short fronds. We deliver these plants from January to April.

5 inches . . . . . $150 per 1,000

7 to 9 inches . . . . . $250 per 1,000, $2,000 per 10,000
